Wednesday, 5th October

FAST

The day started with a short opening ceremony and discussion of the meeting plan and procedures. It was followed by brief introduction of students and teachers from each country, some ice-breaking activities.

FAST

Then we got involved in the project activities:

First Aid Posters: Presentation of final version of the posters and on-line version by each country

Introduction to PowToon (by Latvian team)

- **Teamwork** Design and elaboration of videos (showing selected types of injuries and ways and procedures to deal with them)

The day was busy and saturated, and brought a lot of new impressions and positive emotions.

In the evening our students took the guests to town to show some sights and let them feel the atmosphere.

Thursday 6th October

A visit to **State Emergency Medical Service of Latvia** (how the ambulance service works, workshop on providing first aid)

It was a new experience for most of the participants and we got acquainted with the work of Emergency Medical Service and practice providing first aid.

Latgale

cultural

heritage

Ethnographic Museum "Andrupenes Farm" – is the 20th century authentic Latgale farmstead complex where you can get acquainted with the history of Latgalian household.

It was an opportunity to learn some historical and social issues and fill the life force of our region.

Friday 7th October

All the participants could test their skills in orienteering task, to feel the team spirit and get to know our city.

Later this day:

Summary of the meeting: what we have done, divide responsibilities for further work.

In the afternoon the Ceremony of Receiving Certificates held in school assembly hall.

Saturday 8th October RIGA

On the last meeting day we went to our capital, Riga. Riga is a fascinating city with a lot of historical sights.

First, we went on a guided tour around Old Riga. So, the participants could get a clearer idea of Latvian and European history.

Then we visited Pauls Stradins Medicine History Museum.

Paul Stradins Museum of the History of is museum in Riga, one of the largest medical museums in the world. The museum has more than 203 000 storage units. The exposition presents the development of medicine and pharmacology from ancient times.

A separate section is devoted to the history of medicine Latvia.

We are very thankful to all the participants for effecient and productive work. The meeting was very helpful in the development of the project.
